

D@nGerous Waters

Well, I have nothing interesting to offer you this month, so I will turn over the narrative to my dear friend Mr. Riddles, the little squirrel monkey that lives inside my esophagus. The therapist said it would be good for me to let him out every once in a while, as long as I keep him away from wild rice and books beginning with the letter 'c.' He has been quite busy lately playing all of the newest games, one of which was actually a pleasant surprise. For those of you who haven't treaded in your Saturn for PlayStation games, Nintendo controllers or a Cream-of-Wheat sandwich, check out Steep Slope Sliders. Yes, it is true, Sega can still put out quality games. Unfortunately, they've waited until the Saturn has been all but abandoned to do so. But honestly, Steep Slope Sliders is probably the most enjoyable game on the Saturn since Virtua Cop. It has all the excitement of Cool-headers 1 and 2 without the looming curve, not to say that a game with a challenging learning curve isn't fun, but just pop in SSS and you're having a blast right away. Maybe I'm overreacting. All-right, at the very least Steep Slope Sliders is fun to say out loud. So ahead, turn to the person beside you right now and say it, SAY IT NOW!!! By the way, the CodeBoy does not suggest pharmaceutical testing as a career.

whAt thE?

Truly the most fulfilling part of this newsletter is this very section—finding new ways to describe a pile of cotton, random strings, and some dye. Where is it normal for your hair to fall out anyway? Here is a brief history of this speco-filling, amused column. The Game-

Shark T-shirt Section was first conceived in the 1900's, however it was then titled "GameShark T-shirts Section" due to a slight overpopulation of the letter "c." Later, during the Wheezing 30's, the GameShark T-shirt Section was used to warn members of the International Walrus League of their own existence. Today, the GameShark T-shirt Section is used as a therapeutic writing forum for me and all of my alter-egos. My sincerest apologies to anyone still reading at this point. By the way, hey a GameShark T-shirt, they're snappy. Send a \$12.00 check or money order to: InterAct Accessories, Inc. ATTN: SHIRTIX, 8611 Puleshi Park Drive, Suite #308, Baltimore, MD 21220. If you squint your eyes and cough you'll look silly. We cover the shipping charges.

LetTers

Dear CodeBoy,
I know 2nd or 3rd party fellows won't help with any new games, that's so new codes. So for all of us minority gamers, quit bitch'n about CodeBoy not giving us many codes. Rage on CodeBoy.
Send me a T-shirt. I'll send you a phone card. Phone home CodeBoy!
PS: You got any codes for an old Saturn game called Black Omen?

Bruce Slaughter

Dear Bruce,
Send me a phone booth and I'll send you an iron lung. Thanks for the phone card (see photo above)—Tall your mom I'll see her soon.

Dear CodeBoy,
I have this dog that plays videogames. He always beats me at Tekken2, he's already completed Panky Shunk, now he's kicking my ass in WCW Nitro! What should I do? Can you please help me? I must exact revenge upon this man.

D. Ullmann

Dear Dullman,
You can do one of two things, or both as a matter of fact.

1. Get your dog neutered. That should put a stop to that "machismo" he constantly exhibits.
2. Put him to sleep. Let's see him perform the Diamond Cutter then!

Dear CodeBoy,
My name is Tim. I was wondering if it's possible for you to send me a PlayStation GameShark and a Rarracoda Dual Analog Controller. I saw you in Baltimore feeding the poor and giving a homeless man shelter on Christmas Eve. Since you're such a benevolent soul I would like to see you in predicament and help me?

See, I work as a investment banker on Wall Street and I was just promoted to VP of Business Development. I just purchased a new Rolls Royce, plus I built a quiet chalet in the Swiss Alps. I only go there when I want to get away from all the hustle and bustle of New York. As it turns out, I don't have enough money to buy your products. I'm stuck on Resident Evil 2 and I read that your Rarracoda is the best Dual Analog controller out there. I've got to have one! I can't wait another two weeks for my paycheck or my slash options bonus check to arrive, I need your stuff now!
So CodeBoy, please find it in your heart to help me. Send me these two products. I, and the Man Upstairs, would be so grateful. May you be blessed.

Tim Patterson

Dear Tim,
How dare you suggest CodeBoy would do such a thing. I would never feed the poor anything! No GameShark for you!!! And the homeless guy was your father!
